The screenshot displays two identical instances of Microsoft Visual Studio Code (VS Code) running on a Windows operating system. Both instances show the same HTML code for an online magazine website, likely named "online magazine.html". The code is well-structured with various sections and images. The interface includes the VS Code logo, file menu (File, Edit, Selection, View, Go, Run, Terminal, Help), a search bar, and a tab bar with multiple files open. The sidebar on the left shows a tree view of files and folders, and the bottom status bar provides information about the current file (line 85, column 16), encoding (UTF-8), and port (5500). The desktop background shows a weather widget indicating 20°C and sunny conditions.

```

The screenshot shows the Microsoft Visual Studio Code (VS Code) interface. The top bar includes File, Edit, Selection, View, Go, Run, Terminal, Help, and a back/forward navigation icon. The title bar says "Q .vscode". The left sidebar has sections for Explorer, Search, and Outline. The Explorer panel shows a tree view of files and folders, including "photography website", "online magazine.html", "p.html", "volunteer.png", "donation.png", "NPO.png", "TRAVEL.html", "event management.html", "online magazine.html", "EVENT.HTML", "Fitness club", "Fitness club.html", "inline.htm", "non profit organisation.htm", "online magazine.html", "onlinemagazine.html", "p.html", "resin.html", "restaurant.html", "Resturantw.html", "shopping.html", "TRAVEL.html", "volunteer.png", "donation.png", "image copy.png", "images.png", "NPO.png", "pans.png", "restaurant.png", and "shubhamjain.png". The main code editor area displays the following HTML code:

```
photography website > online magazine.html > p.html > body > h3
2 <html>
48   <body>
104     <table>
105       <tr>
106         <th>Category</th>
